Self Defense Indicated As M'Clintock's Plea In Murder Hearing Tuesday

Prosecution Scores Point
In Opening Testimony
This Morning.

"SHOT IN COLD BLOOD"

Officers Tell Story Today
of Martin's Dying Words
After Shooting.

THEY TRY MCCLINTOCK
The Jury
Will Ross. T. C. Brush.
S. R. Tatum. R. W. Meadows.
S. P. Taylor. Geo. Gohightly.
W. T. Little. H. C. Roper.
L. W. Bryant. Sam Garner.
R. W. Lillard. S. L. Robertson.

Self defense will be Frank
McClintock's plea in attempting
to free himself from the charge
of murdering George Martin at Roff
early last May.

Although the defense has reserved
its statement, this was indicated
Tuesday morning in the questioning
of witnesses as the state resumed its
case which got under way late
Monday when, in less than a day
of hard work, the jury was seated
and the first witness for the prosecution
was called.

County Attorney Wayne Wadlington
spent an hour Monday afternoon
outlining to the jury what the
state would attempt to prove in
connection with the alleged murder
of Martin.

Frank McClintock, defendant in
the case around which is entwined
not only his own fate but also that
of three other men who are held
for the shooting, was alone at the
bar of justice, except for the presence
of his attorneys, when bailiffs
rapped for order Tuesday morning.
He was soon joined by his mother
and sisters who rushed up from the
rear of the court room and smothered
him with affectionate greeting
throughout the opening hour of
the hearing the mother sat with her
arm around McClintock apparently
cheering him for the ordeal.

Harry Bunyard, city marshal at
Roff, who was put on the stand
Monday evening, by the state as the
first witness for the prosecution,
was examined and cross-examined
for more than an hour during which
he reiterated his story told at
McClintock's preliminary examination.
This morning he was placed
on the stand again by the state for
a brief spell of questioning and
then turned over to attorneys for
the defense.

Bunyard said he was the officer
to whom McClintock surrendered
after he had shot Martin. The
defendant seemed excited, pale and
nervous, he said, when he reported
to him shortly after the shots from
which Martin died had been fired.
McClintock's voice quivered, Bunyard
said, for the first time since
he had known him.

"I have shot George Martin in
self defense," he is reported to
have said. "And he has gone east
in his car."

State Scores Point.
When questioned again by attorneys
for the state Bunyard gave Monday,
apparently scoring the first
preliminary victory for the prosecution.
After officers had found
George Martin mortally wounded
in the park at Roff, the witness
said, and had taken him to the
office of Dr. Hill of Roff, Martin
raised up from the operating table
and in a semi-delirious state seemed
to recognize another man who was
standing by his side as Frank
McClintock.

"Frank, you have murdered me
in cold blood," he said, then sank
back down upon the table. The
wounded man appeared conscious
when officers found him in the
park, Bunyard said, and had
conscious lapses while he was being
taken to the doctor's office.

Harry Bunyard further testified
that when he found the car in
which Martin was lying mortally
wounded, there was a smell of
whiskey about it and some empty
bottles near the injured man. In
Frank McClintock's house, where
the shooting occurred, he testified,
he found five empty .380 shells, one
bullet hole in the wall and another
which had struck the wall and
bounced back out. There was a 5-
gallon and a 1-gallon jug in the
house which smelled of liquor, he
declared. The day after the shooting
he observed that the net-wire
fence back of the kitchen in which
the shooting happened had been
torn loose at the top and bent down.
At this juncture the defense objected
repeatedly to Bunyard's testimony
but was overruled by Judge
J. W. Bolen.

Second Track Found.
In the park near the spot where
Martin was found injured in the
car another automobile track was
noticed the morning after the shooting,
he said.
The testimony given in the pre-

liminary by Porter Jones of Roff,
was introduced and read by attorneys
by agreement. Jones is sick
and unable to attend the trial.
Jones said he went to a spot near
McClintock's house the morning after
Martin was killed and found
three jugs which had contained
whisky. The wire back of the kitchen,
between the house and the alley,
was torn loose, he said. Harry
Bunyard, on being called to the stand
the third time described minutely
the appearance of the room in
which Martin got his mortal
wounds. One bullet entered the
wall about six feet from the floor
and was ranging slightly upward,
he said. The other went into the
wall about three or three and a
half feet from the floor and it, too,
was going up slightly. He then compared
the sizes of McClintock and
Martin, declaring that McClintock
was a little taller than the dead
man.

Lee West on Stand.
Lee West, a special officer at
Roff at the time of the shooting,
was the second state witness. He
went with Bunyard to McClintock's
house after the alleged murder.
They found the house empty but
the lights burning. Near the curb
in front of the house the officers
found a hat and upon going back
to town they saw McClintock with
Jim Good.

"If you are hunting for the man
who did the shooting you don't need
to go any further," McClintock is
alleged to have said. "I have done
the shooting; I shot Martin in self
defense and he went east in his
car."

They instructed McClintock to
stay there until they returned and
then went to the park. Here they
heard sounds of groaning and soon
located the car in which Martin
was lying between the seats mortally
wounded.

"McClintock Shot Me."
"McClintock shot me and I'm going
to die. Get me to a doctor to
relieve this pain," he said. They
took him, West testified, first to
the residence of Doctor Hill and
then to the doctor's office. On
the way up town Martin talked to
Bunyard, who was standing on the side
of the car, but the witness was
unable to hear the conversation.
The wounded man's mental condition
seemed to be normal.

West brought McClintock to Ada
and the injured man was accompanied
here by Dr. Hill and Harry
Bunyard.
When the injured man was first
found in the park and questioned
as to what had happened, West
said, he declared repeatedly "Frank
McClintock shot me and they robbed
me." When asked who robbed him
the dying man merely answered
"they."

In Ada the next morning, May 3,
Lee West said he had examined
Martin's car and found in it some
bloody rags but no other blood on
the machine, except between the
seats.
The county attorney intimated
that these rags would be introduced
in evidence later in the trial.

Martin's Clothes Displayed.
At this point and later the state
offered in evidence the clothing
alleged to have been taken from
Martin after the shooting, a wagon
shed said to have been found
in the car when the wounded man
was discovered, a hat, and a purse
containing two deposit slips and a
few other things said to have been
picked up near the scene of the
alleged crime. Defense interposed
objection to some of these exhibits,
but the court ruled that they were
admissible for the purpose of showing
the location of the wounds.

Dr. T. A. Hill testified that one
shot passed through the left part
of the breast, another on the right
side of the abdomen, another
broke an arm and another grazed
the abdomen, making only a flesh
wound. Martin, aware of his condition,
said he was going to die and
asked the doctor to do what he
could for him. He said McClintock
shot him and that "they" robbed
him, but never told who he meant
by "they." He was rational and
made his statements before being
given a hypodermic to ease his
pain. The statements were made
in the office of the witness where
the deceased was carried. The witness
and others left with Martin for
Ada about an hour after he was
brought to the office. Martin
died about 40 minutes after reaching
the hospital.

On cross examination Dr. Hill
said the breath of deceased smelled
as if he had been drinking something,
but witness could not be
sure what it was. He gave it as
his opinion that a man in a condition
such as the deceased was in could
not drive a car even if it had
been started by some one else.
Hill said he had known Pink Ray
a long time and did not think he
resembled McClintock. He could
not say if the mind of the deceased
was working right all the time
after he was shot but thought he
was rational.

Pink Ray, who was deputy marshal
at the time of the killing, lived
about a block and a half from
McClintock's place. Had just gone
to bed when he heard shots. On
going to the street he saw the
bulk of some object resembling a
car. He could see and hear the
car when it started and could hear
groans of a man until the car turning
a corner three blocks away. It

THE "MATCH-MAKERS" 'AVE 'OPES

ADA AND KONAWA BATTLE TO DRAW

Second Game of Series Is
Ten Inning Fight With
Count 2 and 2.

Lefty Williams for Ada and Walkup
for Konawa, each backed by a
fast playing club, were too evenly
matched yesterday for either to gain
enough advantage to win the second
of a series of three games being
played here between the Ada and
Konawa ball clubs. Monday's game
went into the tenth inning, and
finally had to be called on account
of darkness. The score was 2 and
2.

Young, Ada's star third baseman,
got credit for both runs for the
home team. He smashed out a homer
in his first trip to the plate
and later in the game pulled a
sensational steal home. This was
the only home run of the game. Harper,
Konawa second base man, drew
the homer in Sunday's game.

Many times yesterday the play
took on a sensational aspect, but
each time the moundsmen and their
teammates were equal to the occasion
and the rocking boat again
steadied. Williams pitched a good
game up to the tenth but at this
time a finger on his left hand
was torn, making it almost impossible
for him to deliver.

With two men down in the tenth,
a man on third and three heavy
hitters coming up, "Lefty" was put
to his wits end to know how to
save the day. Encouraged by his
teammates, he went back into the
game and after walking Burch and
E. Wano, faced the mighty Harper.
Harper hit a hot one to R. Wano
and was thrown out at first.

The game by innings:
First Inning.
Konawa—Terry fanned. Burch
popped out to short. B. Wano
knocked a high foul to catcher.

Ada—Young slammed out a homer
on the third ball thrown. R.
Wano was out Harper to B. Wano.
Medler was thrown out at first.
Walkup to B. Wano Strain whiffed.

Second Inning.
Konawa—Harper drew a one
base hit. Mealy fanned. Walkup
swatted to Young who made a double
play unassisted.
Ada—Rutledge got a hit; Stagner
popped out to Walkup. Cover
whiffed and Rutledge was out when
caught off first. Walkup to B.
Wano.

Third Inning.
Konawa—Miller was out. Fain to
Rutledge. Basinger got to first on
an error. E. Wano popped a foul
to Cover. Terry was hit and took
first. Burch struck out.
Ada—Fain drew a hit to first.
Williams went to first on a dropped
ball on his third strike. Fain
(Continued on Page Six)

TRIO ARRAIGNED HERE MONDAY ON MURDER CHARGE

Dick Chapman, Jim Good and
Obie Dyer, charged with the murder
of Frank Martin at Roff last
May, were arraigned Monday morning
in district court on three
counts before Judge J. W. Bolen.

After furnishing each defendant
with a copy of the information and
with a list of the state's witnesses,
County Attorney Wayne Wadlington
read to the men the state's
charge that they helped Frank
McClintock murder Martin and assisted
in taking him, when in a dying
condition, to the park where he
was later found mortally wounded.

Jim Good, through his attorney,
A. L. Bullock of Roff, entered a
plea of not guilty. Chapman and
Dyer asked for and were granted
24 hours to plead. Their trial probably
will start soon after the McClintock
murder hearing now in progress.

REVISING RATES ON CITY WATER PLANNED

At an important meeting of the
city commissioners at the city hall
this afternoon, Mayor Gary Kitchens
was to present plans for an increase
in water rates, especially to
big business interests of the city
and near Ada in an effort to make
them pay at least cost of furnishing
them water.

This move on the part of the city
has been under consideration for
some time and since early last Summer
has been held by Mayor Kitchens
as perhaps the fairest and
most efficient means of increasing
city revenue without the addition
of a heavier burden on tax payers.
Big business concerns of the city
now, he contends, are getting their
water supply from the city for a
smaller figure than it actually costs
to supply it to them, securing a
good rate because of the amount
they use.

Exactly what rates will be proposed
for these business concerns
has not been given out by the
mayor.

INCA CHIEF'S TABLET PRESENTED NEW RULER

LIMA, Peru, Oct. 11.—An odd
ceremony following the celebration
of Peru's centenary of independence
was the presentation to President
Augusto B. Leguia of a memorial
inscribed by the 14 living descendants
of the Inca chief, Tupac
Yupanqui.

In a short speech in which he
pleaded for the future protection
of his race, the Indian, Victor Tupac
Yupanqui, made the presentation to
the President.
The Inca, Tupac Yupanqui, ruled
from 1420 to 1478, at a time when
the Inca empire included most of
what is now Peru, Ecuador, Bolivia
and Chili.

PROBE OF KU KLUX IS DEMANDED NOW

Klan Wizard and Georgia
Representative Appear
To Testify.

(By the Associated Press)
WASHINGTON, Oct. 11.—Proposals
for an investigation into the
activities of the Ku Klux Klan
were supported by half a dozen
witnesses who appeared today before
the house rules committee at the
inauguration of hearings on a number
of resolutions to direct such
an inquiry.

(By the Associated Press)
WASHINGTON, Oct. 11.—Demands
for the investigation of
activities of the Ku Klux Klan were
made before the house rules committee
today by Representative
Tague, democrat of Massachusetts.
Called as the first witness at the
hearings on a number of resolutions
providing for an inquiry by congress,
Mr. Tague said Attorney General
Daugherty had informed him that
the department's own inquiry,
then under way, showed there was
grounds for some of the charges
against the Klan.

At the opening of the hearing
Chairman Campbell explained that
a number of resolutions had been
introduced calling for the investigation
whether the order had violated
the postal laws would have attention
from the government, the
Chairman said, as well as the
charges that lawless acts had been
committed by masked men.

Mr. Tague said he first directed
the attention of the department of
justice towards the Klan prior to
the change of administration last
March.
"There is no law to permit men
to go out in the night and take
me or my family from my home
to punish me, whether I am black
or white, catholic or Jew," Mr.
Tague declared. "If the charges as
published are true, it is time for
congress to put out its hand to
stop it."

Wizard Arrives.
William Joseph Simmons, of
Georgia, Imperial Wizard and founder
of the Klan, was among the
first witnesses to arrive. He came
in with Representative Upshaw,
democrat, Georgia, who has introduced
a resolution calling for the
investigation of each and every
secret order in the United States.
Attorney General Daugherty also
was present at the hearing, which
was delayed for some time while
a flock of picture men got photographs
of the Imperial Wizard and the
committee.

On the objection of Representative
Rodenburg, republican, Illinois,

Texas Negro Is Burned At Stake By Quiet Mob For Assault Upon Girl

Crowd Seizes Black Man As
Sheriff Takes Him Out
Back Window.

HUNDREDS WATCHING

Second Attempt to Get Hold
of Victim Proves Success
On Monday Night.

(By the Associated Press)
LEESBURG, Tex., Oct. 11.—
Wylie McNeely, 19 year old negro,
charged with an assault upon an
eight year old girl near here a
few days ago, was burned at the
stake here last night. He was
seized by a mob at Mt. Pleasant
where he had been taken for safe
keeping and brought here where
the affair was carried out quietly
in the presence of several hundred
persons from Titus and other counties.

Little excitement attended the
burning and all evidence of the affair
had been removed this morning.

McNeely was arrested Sunday
following the attack on the girl and
hurried to Mt. Pleasant, Titus county.
A mob visited the jail there
Sunday, but failed to get the negro.
Late yesterday Sheriff John
J. Reese was advised that several
hundred persons from Leesburg had
started for Mt. Pleasant in numbers.
The officers arranged to meet
McNeely away and just as darkness
set in he had the negro climb
from a rear window of the jail,
with the intention of placing him
in an automobile.

Unknown to Sheriff Reese, part
of the mob had surrounded the jail,
however, and as the negro climbed
from the window he was seized,
quietly placed into the automobile,
and started for Leesburg.

Enroute, the mob was joined
by hundreds of others and when
Leesburg was reached the funeral
fire was prepared on a vacant lot
near the edge of the town. McNeely
was tied to a stake and surrounded
by dry wood to which
kerosene and matches were applied.

GIANTS SHATTER AMERICAN SQUAD

Fighting Nationals Dart
Ahead in Fourth and
Maintain Lead.

POLO GROUNDS, New York, Oct.
11.—Three of the Americans pride
twirlers, Shawkey, Harper and
Piercy, were unable to hold the
shifts Giants this afternoon and the
National League champions again
nipped into the tie place by winning
the sixth game of the world series
by a score of 8 to 5.

Barnes, the only Giant substitution,
relieved Toney on the mound
in the last half of the first inning.
Two errors chalked up for the
Yank team, coupled with their meager
hitting, spelled defeat for them
while the National League team was
getting thirteen hits and no errors.

Harper and Barnes Twirl?
NEW YORK, Oct. 11, 10 a. m.—
The weather was clear at 7 o'clock
this morning and the forecasters
predicted favorable conditions for this
afternoon's sixth world series game
between the Yankees and the
Giants.

Harry Harper for the Yankees
and Jess Barnes for the Giants
were expected to receive the pitching
assignment today. The American
league now have the lead of
three games to the Giants' two.

No one is sure they will start,
however. Even Miller Huggins,
manager of the Yankees, and John
J. McGraw of the Giants, seemed
undecided this morning. Huggins
agreed it might be Harper, but surmised
he would also give a thought
or two to Shawkey, or the mellow
Jack Quinn. The Napoleon general
of the Giants announced that he
would select either Barnes or Toney.

Ruth Ordered Out.
The only gloom on the Huggins
horizon was the fact that Babe
Ruth's doctor again had ordered
him out of the series because of
his injured arm and leg. The Babe
overruled a similar order Sunday
in his eagerness to settle the series
but it appeared he might have
to bow to the new edict. He was
obviously in bad shape after yesterday's exertion and his doctor
declared that there was danger of
a permanent injury if the big slugger
persisted further in using his
infected arm.

Huggins declared the Yankees
could win without Ruth, however,
asserting that the Bambino spirit
would go with the players into today's
struggle, whether he was with
them in bulky flesh or not.

Ruth Out of Game.
NEW YORK, Oct. 11.—
"Babe" Ruth announced this
morning that the injury to his
arm would keep him out of the
game for the rest of the
series. His physician warned
him, he said, that to take
further chances would risk the
loss of his arm.

Score by innings:
R. H. E.
Yanks—320 000 000—5 7 2
Giants—030 401 000—8 13 0
Batteries: Yanks; Harper and
Schang; Nationals, Toney and Snyder.

Substitutions: Americans; Shawkey
for Harper; Peirce for Shawkey.
Nationals; Barnes for Toney.

The regular Wednesday evening
prayer meeting of the Methodist
church has been postponed until
Thursday evening because of the
Cyrus Van Gorden concert at the
Normal on Wednesday night.

CREEK ATTORNEY IGNORES ORDERS OF HIGH JUDGE

DRUMRIGHT, Oct. 11.—Disregarding
the instructions of Judge Gaylord
Wilcox in superior court at
Sapulpa yesterday, County Attorney
Ray McElhinney today ordered D.
B. Livingston not to arrest Mayor
Nicomodemus and two witnesses for
the mayor on a charge of perjury.
The county attorney held that the
judge's act was illegal.

Judge Wilcox ordered the arrest
of Mayor Nicodemus, E. B. Page
and W. T. Clarkdale, on a charge
of perjury after he had disqualified
himself to try the mayor on five
charges returned on the mayor by
the grand jury, based on evidence
on which Judge Wilcox recently
suspended him from office.

Acting on instructions from his
attorney, Mayor Nicodemus today
walked into the sheriff's office and
said that he was ready to be locked
up. It was then that County Attorney
McElhinney interfered.

The Creek county bar association
will select the jury Wednesday to
try Mayor Nicodemus.

OIL COMPANY GIVEN MORE TIME TO MOVE STATION

At the permission of the city
government, the Pierce Oil corporation
will be given more time in
which to move their oil station on
East Main street, according to
Mayor Kitchens, who after a conference
with representatives of the
company has decided to give them
time enough to dispose of the stock
now on hand.

A letter from officials of the oil
company said that more than 15,000
gallons of oil and kerosene were
in the tanks at the station and for
this reason they have been given
more time, it was explained.

NAPIER SCHOOL PLANS ARMISTICE DAY STUNT

Napier school is preparing a
program which will be presented on
Armistice Day, November 11, a
special feature which will be a
drill on the school grounds conducted
by Rev. C. W. Wilson, who
during the war was chaplain in
the army.

Former service men from many
parts of the county will participate
in the drill.

LLOYD GEORGE MEETS WITH SEIN FEIN MEN

(By the Associated Press)
LONDON, Oct. 11.—The conference
of representatives of the British
government and the Sein Fein
men at 11 o'clock this morning in
the cabinet rooms at the Premier
Lloyd George's official residence.
After a session which lasted until
one o'clock, the conference was adjourned
until later in the afternoon.

EMERGENCY TARIFF TO REMAIN UNTIL FEBRUARY 1

(By the Associated Press)
WASHINGTON, Oct. 11.—The
emergency tariff instead of expiring
November 27, would remain in
effect until February 1, 1922,
under a bill favorably reported on
today by the house ways and means
committee. The life of the dye
embargo would be extended as well
the rate carried in the emergency
act.

PERSHING SELECTED TO BESTOW MEDAL

(By the Associated Press)
LONDON, Oct. 11.—General Pershing,
chief of staff of the American
armies, will come to London before
October 20 to lay the medal of
honor voted by the United States
congress on the tomb of an unknown
British soldier in Westminster
Abbey, the British foreign office
announced late today.

BIBLE THOUGHT FOR TODAY

GOD CARES FOR HIS OWN:—And they shall be mine, saith the Lord of hosts, in that day when I make up my jewels; and I will spare them, as a man spareth his own son that serveth him.—Malachi 3:17.

EMMA WANTS TO COME BACK

Emma Goldman, who has spent most of her life upholding the flag of anarchy and who has denounced the government of the United States on all occasions, is said to be very much dissatisfied with her sojourn in Russia and longing to return to the United States which she now terms "my country." Emma was deported to Russia when she persisted in holding up the Lenin-Trotsky regime as a model for this country and a paradise for anarchists. Now she says she has less freedom there than in America and wants to get away. It is not very safe for anyone to say anything against the present government of Russia and Emma has been against everything so long that it is natural for her to be as much against Lenin and Trotsky as she was formerly against the institutions of this country. She was welcomed with open arms when she was forcibly returned to Russia but seems to have worn out her welcome.

ONE WAY OUT.

All the candidates for the mayoralty in a little city were invited to come before an open meeting of the Chamber of Commerce and explain why they thought they should be elected. The present mayor, a candidate for re-election, said this:

"I appreciate the invitation to stand up here and tell you what a wonderful man I am, but I can't make that sort of a speech and I am not going to try it. Two years ago I was a stranger to all of you. I went into that campaign with one promise—to give the town a business administration. I think there is no one who can say that I haven't done that. I am at the city hall at a reasonable hour every morning, and frequently am holding police court when the rest of you folks are home having dinner. Our police court is getting to the point, due to liquor cases and fines, where defendants are hiring lawyers and court stenographers. I could answer the gentlemen who this evening made certain criticisms, but I am not supposed to turn my statement into debate.

"I can only say that you have had two years of me, and if I am what you want, vote for me; if not, don't."

It is seldom that one hears so refreshingly honest and dignified a statement from a political candidate. Everybody in that town knows—or ought to know—that the mayor has done in the last two years. If the citizens want more of that kind of mayor, why that is the kind of mayor they want. If they don't, then they will deserve to get whatever kind of mayor they vote for.

Government rises no higher than its source, and its source in this country is the citizen with his little ballot. Every citizen who has an opportunity to vote has his chance to help the forces of cleanliness, honesty, efficiency and thrift, or to push his community further down the road to corruption and waste.

AIR LAWS

As soon as an adequate system of automobile regulation has been worked out in this country, authorities must turn their attention to air traffic. Or perhaps they had better not wait. The air problem is becoming insistent.

As yet nothing has been done about it, although there are said to be 1,200 commercial airplanes in use and their total flight over American soil this year will be equal to 300 times around the earth. There will have to be regulation soon, for the safety of the aviators themselves and still more for the safety of other people. We do not want airplanes tumbling about our heads.

Europe is ahead of us in this matter. In England, Germany and France there are rules governing the licensing of aviators, the inspection of planes and the establishment of routes and traffic rules.

Just how big the oil wells in this county will be, we are unable to say. The fact is, however, that many oil men believe there is a pool about here which will rival Glenn Pool or Cushing, and they seem determined to find it. The Nance well is reported to have carried oil for six hundred feet. Other wells in the Bebee territory indicate it is only a matter of time until wonderful producers will be brought in, and some of those now drilling may be those big producers.

Ada, a city of schools, churches, and right living citizens. Who would want a better place in which to live?

The Evening News

The Neglected Church
(Daily Ardmore)

The most neglected and misjudged channel for usefulness in a community is the church. Many a church has a membership up in the hundreds but there are less than a score of men who have to stand back of it in a financial way.

We are taught that religion is free, we are begged to come to church and Sunday school, we are made to feel that if only we lend our presence that all that shall be required of us.

Mankind cannot imagine what would become of the country were it not for the influence of religion. Whether that religion is Jew or Gentile, Protestant or Catholic, the influence upon the lives of the adherents is the same. That influence is necessary to home life, it is necessary to holding courts together, it is necessary for the establishment of standards in business and in social life and mankind cannot know what they owe to religion and to its influence in the community and in the world.

We like to have the fine churches to attend, we take pride in seeing handsome church edifices in the city. They are the first improvements we show visitors, they reflect the life of the community, they give character to a city, they give value to real estate, they attract many people to become citizens of a community and without them we could not build a city.

Yet despite their great value only a few men contribute to them. Many a man has his children brought up under the influence of the Sunday School, his family has the privilege of church attendance, they have to preach for them, a minister who is paid a good salary; when a member of the family passes out they have a minister at their command for the funeral services; but, how few realize that the earnings of some one else give these things to his children and to his family.

We owe our civilization to the influence of religion but religion is meagerly supported and then only after repeated solicitation and at the expense of many men and women who largely give their time to the raising of funds that should come without solicitation and that should come freely as a debt of gratitude to the minister and to the hours he works unselfishly for the cause of the church.

Government on Wheels

(Holdenville Democrat)
The yearly traveling expenses of the Oklahoma state administration will now approximate a million dollars is the declaration of the state auditor. He also states that the traveling expenses of the past three and a half years will equal those of the entire tenure of Governors McKel, Creece and Williams.

These figures do not by any means prove that this amount of money is wasted or that it is being illegally spent. But they show at least one way in which the cost of government is increasing year by year. They also show that a policy denounced as an evil as early as ten years ago has not been cured, but rather grown many fold since public attention was first directed to it. It sobers one considerably to learn that traveling alone now costs Oklahoma one-third the entire cost of state government the first year of statehood.

We have put our state government on wheels. We have put a fair sized army of state employees on the road and are keeping them on the road at public expense. Feed inspectors, food inspectors, dairy inspectors, drug inspectors, hotel inspectors, jail inspectors, auto enforcement officers, special enforcement officers, bank examiners, high way engineers, high school inspectors, common school inspectors—how many they are and what they are no one can say. But their number is very large indeed and their cost to the state makes a heavy item. And their number is increasing as their salaries are increasing each biennium.

A lot of these are rendering a valuable service. Possibly all of them are giving the state value received. But those interested in the cost of government and wondering why that cost is increasing can find in the item of traveling expenses one reason why its costs more to run the state than it did ten years ago.

WOMAN CAN'T BE BARRED IN USING CLOTHES OF MEN

(By the Associated Press)

SEATTLE, Wash., Oct. 11.—While the wearing by women of masculine shirts and trousers may perhaps be subject to some criticism from the artistic or aesthetic standpoint, it cannot be said that it is prohibited by the law. Attorney-General L. L. Thompson has advised W. H. Hillyer, town marshal of Zillah, Wash.

Marshall Hillyer consulted authority in his pursuit of means to curb the wearing of men's attire by women in his town. Secretary of State J. Grant Hinkle, to whom the question was first put, passed the problem up to E. L. French, director of agriculture, on the ground that the women wearing men's clothing were engaged in agricultural work. Mr. French was unable to offer a solution and the matter passed on to Mr. Thompson.

CROWN MEDICINE COMPANY, Atlanta, Ga.

DAVIS WILL REPRESENT OKLAHOMA AT FUNERAL

H. B. Davis of Duncan, state commander of the American Legion, has been appointed by the national commander of the veterans' organization to represent the American Legion of Oklahoma at Washington, D. C., on November 11, when the body of an unknown American soldier is buried at Arlington cemetery with full military honors.

In the funeral procession from the national capital to the cemetery Davis will march with the representatives of 50 other departments of the Legion in the United States and from a number of foreign countries.

Three other members of the American Legion of Oklahoma have been appointed by Governor J. B. A. Robertson to represent the state at the ceremony. The governor appointed E. K. Bixby, of Muskogee, commander of the second American Legion district in the state, C. M. Feunay of Chandler, a member of the state executive committee during the past year, and Wendell Johnson of Oklahoma City.

247 POSTS TO OBSERVE ARMISTICE CELEBRATION

Legion posts in 247 cities and towns in Oklahoma will observe Armistice day with special patriotic meetings at the request of H. B. Davis of Duncan, state Legion commander.

Observance of the day this year will not be in the nature of a jubilee commemorating the successful culmination of the war but rather as a day honoring the dead of the great war and as a time for prayer for the future safety and guidance of the nation. Ceremonies in most cases will be conducted at the same hour that the body of an unknown American soldier killed in France is buried at Washington with full military honors.

SALVATION ARMY TO FEED LEGION DELEGATES

Carrying on its mission of filling Uncle Sam's fighters the Salvation Army will serve thousands of doughnuts and barrels of coffee to members of the American Legion who attend the third national convention at Kansas City on October 31 and November 1 and 2.

Any man wearing a uniform or any man wearing an American Legion button will be served with doughnuts and hot coffee at any place or any time during the convention. The S. A. stands will be everywhere.

FIVE SPECIAL TRAINS TO MEETING ASSURED

Requests for hotel reservations for more than 1,500 Legionnaires from sixty-eight Legion posts were received at state headquarters of the veteran's organization on Monday of this week alone, according to the statement of J. C. Chatfield, state adjutant. The original estimate of 3,000 visitors from Oklahoma at the convention will probably increase to 4,000 before the end of the present week.

Five special trains from the state to Kansas City have been assured.

One will start from Woodward over the Santa Fe, one from Waurika over the Rock Island, one from Muskogee over the Katy and two from Oklahoma City, one on the Frisco and one on the Santa Fe.

REDUCED RATES FOR AUXILIARY VISITORS

Delegates and visitors to the first annual convention of the women's auxiliary of the Legion will have reduced rates of a fare and a half for the round trip between points in Oklahoma and Kansas City according to information received by Mrs. Blanche Freeman of Chickasha, state commander of the auxiliary.

Auxiliary members who are wives of Legionnaires will be able to accompany their husbands on one cent per mile tickets. Visitors, daughters and mothers will have to pay the higher rate. The auxiliary members will obtain a certificate showing they have paid full fare to Kansas City on the trip up but will only pay half fare coming back according to the decision of the railroads.

Arrangements for the Oklahoma delegation of women were made at Oklahoma City on Monday of this week when the state executive committee of the auxiliary held its first meeting.

JOSEPHUS DANIELS TO VISIT WOODWARD POST

Josephus Daniels, former secretary of the navy, will be the guest of Woodward post No. 19, on November 9, according to the announcement of Herman J. Salz, post adjutant. The post made an effort to have its guest present on Armistice day but failed on account of other engagements.

\$100,000 to Legion
Judicial recognition of the American Legion as being the most representative body of ex-service men in the United States came last week when an Ohio court awarded a war relief fund of \$100,000 to the Legion.

FATHER AND SIX SONS ACTIVE ON GRIDIRON STILL

COLUMBUS, Ohio.—When the Father and Son movement in the Nesser family here gets under way, bee-hive us, there's action.

For the father, Ted Nesser, is the 231-pound center for the Panhandles, professional football team. And the son, Charley Nesser, plays in the back field of the same team. Ted is 41, Charley 17.

Ted Nesser is one of six football playing brothers. All are members of the Panhandles and the Akron Bros. Brothers played against Brothers recent when the teams met at Akron.

Al Nesser, the youngest of the brothers, is an Akron end. Nesser brothers on the Pandies are: Fred halfback; John, quarterback; Phil lineman, and Frank, the star of the team, who plays full.

Charley's father, Ted, and his uncle John of the Panhandles opposed some of the strongest teams of the collegiate history, 15 years back.

In 1905 the two played with the old Massillon Tigers, who defeated the Carlisle Indians 8 to 4 at Cleveland, playing in six inches of snow.

In 1906 Ted and his brother were with the same team when it defeated Chicago university, 9 to 3.

They played their first football with the old Panhandles, organized among the employees of the railroad shops at Dennison, Ohio. That was back in 1901.

John Nesser, the oldest brother is 45, but still plays football. He seldom plays the entire game, however.

FRENCH GOVERNMENT PROFITS FROM TOBACCO

(By the Associated Press)

PARIS, Oct. 11.—The French treasury last year profited more by the government tobacco monopoly than by the income tax. The profits from smokers reached about \$16,000,000 francs, while income tax payers only yielded \$12,000,000. The government tobacco monopoly gives a profit of about 56 percent.

Supreme Court Meets

two ways-

When prices went up—every suit seller the country wide followed suit—had to.

Now that prices ARE DOWN—every clothier should come down—whether he wants to or not.

That's how we reason it—you stood for the advances—now it's your turn to sit down and let somebody else hang onto the strap.

We are selling Fall Suits at \$25 to \$30—same quality was \$50.

Hats—the same way—so are the furnishings.

Drummond & Alderson
THE MAN'S STORE

In The Oil Fields

The Nance well in section 4-4-5 was shot at 9 o'clock last night, 200 quarts of nitroglycerine being used. The shot was successful, and a stream of water, oil, rocks and gas followed the shot, spraying over the derrick. After playing about the top of the derrick for a few minutes, the flow stopped, a bridge having been formed in the hole, according to the opinion of the men who have experience in such matters.

That the well will pay is the opinion of those who have watched other similar wells. Just what it will make, however, cannot be determined until after it is thoroughly cleaned out. This will take a day or so.

The hole is 2410 feet deep, the last 110 feet being in a hard white limestone. The entire limestone carries oil and gas, and the shot is expected to strengthen the flow of the oil.

This well has been the subject of much interest. The last 600 feet is open hole, and no trouble was encountered with caving or sliding.

Say Hillsdale, 85c per gallon.—Hynds Grocery Co. 10-11-11

\$7.74 BUYS ROUND TRIP FOR LEGION MEETING AT K.C.

Ada members of the American Legion who wish to attend the national convention at Kansas City, October 31, and the first three days in November may get round trip tickets for only \$7.74, or a fare of a cent a mile, according to an announcement made Tuesday by Clarence West, post adjutant.

All local Legionnaires who wish to go must see West before October 16, and register for the convention. Special rates of a fare and a half for the round trip has been offered for members of the American Legion Auxiliary or for wives of war veterans, according to word received from Oklahoma City.

A special air circus will be given for the entertainment of Legion visitors in Kansas City during the convention. At this performance, several hundred planes, probably the most ever assembled in one place for an air carnival, will perform. Besides official delegates, the local branch of the Legion is eager to make up a big delegation to go on one of the five or more special trains which will run from Oklahoma to Kansas City during the meeting.

IN SOCIETY

Give Reception.

Rev. and Mrs. J. W. Blackburn were entertained at the First Methodist church last evening by members of the church. The affair was a great success and a large number of admiring friends were present to give Rev. and Mrs. Blackburn a hearty welcome.

During the course of the evening light refreshments were served and a program was rendered. Rev. Blackburn is head of this district of the Methodist conference.

PROGRAM ANNOUNCED FOR ARTIST CONCERT

A program for the concert to be given at the Normal auditorium Wednesday night by Miss Cyrena Van Gordon prima donna mezz contralto who will appear here under the auspices of Ada high school, was announced Monday morning by Prof. A. L. Fentem, principal.

It follows:
1. Ah rendimi (Mitrane).....Rossi
2. Tes Yeux.....Rabey
L'Heure Exquise.....Poldowski
Mon coeur s'ouvre a ta voix (Samson and Delilah).....Saint Saens
3. Toast.....Mary Turner Salter
In the Steppes.....A. Gretchaninow
Lullaby.....Cyril Scott
Pale Moon.....Frederick K. Logan
Major and Minor.....Charles G. Spross
4. Homing.....Teresa Del Riego
My Laddie.....W. A. Thayer
Sacramento.....James Mac Dermid
Come Love Me.....Frederick Vanderpool
Lift Up Thine Eyes.....Frederick K. Logan
Miss Alma Putman at the piano.
Management: Horner-Witte of Kansas City.

Miss Van Gordon's career has been meteoric. An Ohioan by birth, she completed a period of thorough musical training in Cincinnati and was then immediately engaged for an important part in the pageant "Darkness and Light." Cleofonte Campanini heard her in one of these performances and at once offered her a contract with the Chicago Opera association. She made her debut in "Aida" and has since sung most of the leading contralto roles in that famous organization, including Azucena in "Il Trovatore," Laura in "Giacinta" and such exacting Wagnerian parts as Artrud, Erda, Fricka and Waltraute.

She also created successfully the contralto role in Henry Hadley's new American opera "Azora." Recently, New York and Boston have added their unqualified eulogies to the enthusiastic appreciation which Miss Van Gordon had recently won in her two seasons with the Chicago Opera association.

Obituary

HELEN RAINS—Helen Rains, 16 months old daughter of Mr. and Mrs. Charles Rains, died at the family home 8 miles south of the city Monday morning. Funeral services were held Monday afternoon and burial took place in Rosedale. She is a niece of Bob Roland of this city.

MRS. ADAIR.—Mrs. Ella Adair, 59 years of age, died at her home on North Hope avenue last night. Arrangements were made today to hold the funeral services Tuesday at the home. Interment will take place in Rosedale cemetery.

The child of Mr. and Mrs. Tim Blankenship died at their home Sunday and funeral services were held Monday afternoon at the Hays cemetery.

OFFICIAL AUDITORS

WORK ON CITY BOOKS
Announcement today that two representatives of Wolf & company auditors, were in the city for the purpose of auditing the city books, was made by Mayor Kitchens. The men will be here until the work is completed, but no time was set in which they will be expected to complete the work.

This is the first general auditing of the city books by a bonded company since June, 1919, it was said.

Let a News Want Ad get it.

SELF DEFENSE INDICATED AS M'CLINTOCK'S PLEA

(Continued from Page 1)
was too dark to see who was in the car.

To McClintock's House.

Ray went to town with Joe Stout and Ira Carson to find Harry Bunnard. They went to McClintock's house. They called Frank but no one answered. They were there 10 or 15 minutes, then went to the garage for a car. While there McClintock came up and asked Bunnard if he was going to investigate the shooting. Being told he was, McClintock said he had shot Martin in self defense, had started his car and that he went east. The witness and other officers drove to the park where they heard some one groaning and finally located the deceased between the seats of a Ford car. When questioned further he said McClintock shot him and "they" robbed him. He (Martin) said he had about \$300 on him.

Witness brought McClintock to Ada and turned him over to Sheriff Duncan about 1 o'clock a. m. He told Duncan he shot Martin in self-defense, saying he had two friends from Ada who were eye witnesses, but refused to give their names. The witness and others went back to the park after day-break

and found tracks of another car which had gone around the Ford in which Martin was found. On cross examination he said Martin said he had not driven himself to the park after being wounded. Had found two empty jugs at McClintock house, one of 5 gallons and the other one gallon. They smelled like they had contained whisky. He had found five empty shells on the floor and saw bullet holes in wall. A woven wire fence in the rear was bent over. He had known Martin about six weeks and did not know what business he was in.

On coming from the council meeting just before the shooting he had seen Martin and Good together. They were talking rather loud. He supposed at the time Martin had been drinking but he did not seem to be scared when he gave himself up after the shooting. Martin was doubled between the seats in the car when found. Witness helped carry him to a doctor's office and stood behind him with his head supported by hands of witness.

TWO WORKMEN KILLED WHEN WALL COLLAPSES

LYNCHBURG, Va., Oct. 10.—Five men are reported killed and two injured here today when a brick wall of a building at Fifth and Church street collapsed. The building was being torn down by the city.

IAS RAISED A NEW STANDARD FOR BAKING POWDER
cause it's made in the strictest scientific manner from absolutely pure materials that remain in the baking and in wholesome, healthful cause it possesses the taste leavening power. cause it is not affected by time or weather—it loses its strength never fails. cause it is more economical—you save when you use it.

are a few of the reasons why Calumet is the standard baking powder choice of millions of people being sold than any other brand.
—always buy it. Grocer can supply

can of Calumet contains full amount of baking powder. Some cheap baking powders come in cans instead of 16 oz. cans. Be sure you get a pound when you want it.

THOUSANDS NOW TAKE IRONIZED YEAST

If you are weak, thin, pale, sickly, or generally run-down, you owe it to yourself to try Ironized Yeast, the new vitamin tonic treatment in tablet form.
Through this remarkable preparation, thousands of run-down people have been helped to regain vigor, strength and sparkling health.
The reason for these splendid results is that Ironized Yeast is rich in vitamins, which science has found to be absolutely essential to health. Most people's systems lack vitamins, for due to our modern methods of cooking many of our best foods are robbed of their vitamin elements before reaching the table.
Ironized Yeast supplies your system with the necessary amount of vitamins and in addition contains organic or vegetable iron, which is readily assimilated by the system, and which is one of the best known blood builders.

MASONS TO EDUCATE BOYS OF OKLAHOMA

(By the Associated Press)
OKLAHOMA CITY, Oct. 10.—Every boy in Oklahoma, regardless of creed or religious belief, will be given an opportunity to receive a high school education, and if he shows himself deserving, to complete a college course, according to plans adopted by the 450 Masonic lodges of the state, with membership of approximately 50,000.
The announcement followed a meeting of the Masonic Service association here, representing all the Masonic bodies. The plan in brief is this, those in authority in the lodge say. A survey of the state will be made by assigning each lodge its own territory, and the names and history of every boy between 16 and 21 years will be obtained. If he is seen to be in danger of being forced to forego a high school education, he will be financed by the Masonic lodge, with no show of ostentation and with the most strict observance of privacy.
This work is to be under the direction of the Masonic service association, committee, composed of Judge William L. Eagleton of Norman, Dr. Charles L. Reeder of Tulsa and O. L. Conner of Vinita, assisted by representatives of the other Masonic bodies in Oklahoma.
The survey completed, the members of the lodge are to get on an intimate footing with the boys in their community, and find their personal needs in order that individual help may be given.
The information received concerning the boy is to be filed and when a boy drops out of school a committee is to investigate his case. If his parents are unable to keep him in school because of financial difficulties, according to the originators of the plan, provision is to be made for his return to school. The boys who finish high school with credit are to be taken through college by the lodge if they still need the assistance, according to the plans outlined.
No publicity of any kind is to be given the individual cases in which aid has been given, according to the members of the Service association. The boys are to be aided through a fund kept by the Royal Arch Masons for this purpose, and if it proves successful after a year's trial, it is to be extended to girls of the state through the Order of the Eastern Star.
The Masonic service association recently formed consists of thirty-five of the forty-nine grand lodges or grand lodge jurisdictions in the United States.
Muskogee.—The chief trouble in checking disease in Muskogee is the ignorance of the persons affected, regarding common health measures according to the Muskogee Public Health association.

HIGHLY CONCENTRATED VITAMINE TONIC

DEFENSE PASSES IN DENNY'S CASE

Attorneys Refuse To Place Witness on Stand Today In Scandal Trial.

(By the Associated Press)
OKLAHOMA CITY, Oct. 11.—An unexpected development came in the trial of J. Q. Denny, state legislator, charged with living immorally with 20 year old girl, when the defense at 10 o'clock this morning rested without having put a single witness on the stand or introducing any evidence. The court then adjourned until 1 p. m. to allow the judge time to prepare his instructions.
The state rested after placing Mr. and Mrs. J. S. Moriarty on the stand. They occupied an apartment which adjoined that alleged to have been rented by Virginia Lloyd, the girl with whom Denny is charged to have lived during the session of the Eighth Legislature. Following their testimony, the state indicated it had no more evidence prepared and turned the case over to the defense. Immediately the defense passed and court adjourned.
The testimony of Mr. and Mrs. Moriarty was to the effect that they had known Denny and Miss Lloyd as "Mr. and Mrs. Kelly," and had been friendly with them while they were neighbors.
Last Bar Went Down
The last bar that separated the legislator from trial for the alleged immoral relations with the girl was removed Monday morning when Clark overruled a motion for a continuance.
The motion was the last move of the defense to pend off the trial a little longer. Great influence has been brought to bear on the county attorney's office in the last few weeks by prominent politicians and business men to have the entire matter quashed, it was said.
Denny was arrested on the charge last May while the legislature was trying to adjourn finally. The state solons at once passed a vote of confidence in him. That night, Virginia Lloyd, the young daughter of a Methodist minister, committed suicide in her North Broadway hotel. She left behind a letter which told of a heart broken and crushed.
SOLITARY BANDIT GETS \$3,000 IN BANK HAUL
GILMORE, Texas, Oct. 11.—A lone bandit entered the Ashland State Bank at Ashland, near here, at 10 o'clock today, forced Cashier Simmons into and locked the vault, and escaped with \$3,000. Officers from Gilmore have gone in pursuit of the robber.

PRESS CONGRESS SENT GREETINGS BY PUBLISHERS

(By the Associated Press)
HONOLULU, Oct. 11.—Dr. Walter Williams, president of the Press Congress of the World, which opened its session here today, has received the following message from T. R. Williams, president of the American Newspaper Publishers Association:
"On behalf of the American Newspaper publishers association, permit me to extend heartiest greetings to the Press Congress of the World. It is a gathering from which it is impossible for anything but good to come, wherein it will be regarded in some quarters, perhaps, as differing from other congresses which we all respect too highly to mention.
"It is really of good omen to the people of all countries that there should be such an international conference of their respective newspaper fraternities at that which you are holding.
"The press is, in every civilized land, the supreme vehicle of public opinion, and it is public opinion which ultimately governs. That the press by which the chief nations are interpreted to one another, should be internationalized in the spirit of fraternal good will, is therefore of the highest consequence to men elsewhere.
"This friendly mingling of editors and publishers from widely separated lands for the purpose of better understanding and increasing co-operation is the first step toward the era of world-wide good feeling for which all mankind so deeply yearns. The complete success of your meeting is the earnest wish of the newspapermen of America."

TUBERCULOSIS IN STATE IS GIVEN SIX-SEVEN BLOW

(By the Associated Press)
OKLAHOMA CITY, Oct. 11.—Tuberculosis in Oklahoma has been decreased one-fourth, meaning a saving of six million dollars and 750 lives, according to the annual report of Jules Schevitz, secretary of the Oklahoma Public Health association. His report was made public today at the Oklahoma public health conference which has opened a two-day session here.
"The losses from other communicable diseases are equally preventable," one section of his report reads, "and thousands of mothers are receiving authoritative information on the proper care and feeding of infants. Many infants live, we are sure, because this information reached the mothers in time."
"We know that many thousands of our state's citizens have been instructed in the value of the practicing of good health habits and personal hygiene."

Why not sell those extra hens about the place? A News want ad will sell them to advantage.
W. E. HALBROOK WILL ADDRESS TEACHERS
Feeling that rural education does not always receive the attention at gatherings of educators that it merits, the program committee of the East Central Association which will meet at Ada November 3-4 has secured the services of a man exceptionally well qualified in this line of work to address the association on the afternoon of the 4th. This is Prof. W. E. Halbrook who is field agent for rural school betterment in Arkansas under appointment of the state superintendent.
Mr. Halbrook made an unusual success in the rural schools of his state and the study he has given rural school problems has made him a recognized authority on this subject. Has been on the program of the national association on different occasions and some of his research work has appeared in bulletins issued by the United States Commissioner of Education.
Mr. Halbrook is not altogether a stranger in Ada. He attended Peabody college at Nashville with Supl. J. E. Hickman and Byron Norrell, was a pupil under Prof. A. L. Fentem a number of years ago and J. H. Norman of Ada was a pupil under him at one time.

Governor Small To Have His Trial in Lake County, Word

(By the Associated Press)
SPRINGFIELD, Ill., Oct. 10.—Lem Small and Vernon Curtis, under indictment on a charge of embezzling and conspiracy to defraud the state through misappropriation of public funds will go to trial at Waukegan, Lake county, some time in November, according to indications today following the formal transfer of the case to the jurisdiction of North county by Judge Frank W. Burton on the Sangamon court circuit bench today.
In changing the venue to Lake County Judge Burton followed the recommendations of both the prosecution and defense, who announced that this was their agreement this morning.
(By the Associated Press)
SPRINGFIELD, Ill., Oct. 11.—The trial of Lem Small and Vernon Curtis, on a charge of embezzling state funds, will be held in Lake county. Acceptance of Lake county from one of the five counties proposed by State Attorney Mortimer practically settled the issue for venue before the governor's motion for a change came up in Judge Frank W. Burton's court today.

Y. M. C. A. CELEBRATES FOUNDER'S CENTENARY

(By the Associated Press)
CHICAGO, Oct. 11.—The centenary of Sir George Williams of London, England, who founded the Young Men's Christian Association, will be commemorated here today at a gathering representative of the international Y. M. C. A.
Williams was a poor unknown country boy who came up to London to go into business. He was but 22 when he started the Y. M. C. A. and at its jubilee 50 years later he was knighted. A feature of his centenary observance here will be the dedication of a reproduction room in which the first Y. M. C. A. meetings were held.
This original home of the Y. M. C. A. was in a London business house. Efforts have been made to duplicate it exactly, even to ups and downs of the floor and ceiling and furniture and fireplace fabricated in London under the direction of architects who knew Williams, while his son Howard gave his help.
This memorial has been built into the Chicago Y. M. C. A. college. The commemoration day program includes several speakers who knew him, among them Richard C. Moore consulting general secretary of the International Committee, and messages from John Wanamaker and other contemporaries.
Dr. Karl Fries of Geneva, Switzerland, general secretary of the World's Committee of Young Men's Christian Association, will direct an international survey of Y. M. C. A. progress with Henry C. Wallace, secretary of agriculture presiding. Dr. John R. Mott, general secretary of the North American Y. M. C. A. will deal with "The Y. M. C. A. and the Coming Day." Dedication of the memorial room will be under the direction of L. Wilbur Messer, general secretary of the Chicago association. Representatives of the Y. M. C. A. from England and Canada will participate.

PARCEL POST TAX MAY BE REPEALED

All Transportation Levies Would Be Stricken By New Amendment.
WASHINGTON, Oct. 10.—Amendments to the tax bill proposing the repeal of all transportation taxes, including those on oil by pipe line, and on parcel post packages, a maximum surtax rate of 50 per cent and increasing the estate tax, were approved today by the majority members of the senate finance committee.
The majority members also approved amendments for retention of the corporation capital stock tax and for the repeal of the \$2,000 exemption allowed corporations in the case of corporations having an annual net income in excess of \$25,000.
A flat tax of \$6.40 a gallon on distilled spirits also was agreed to but with a proviso that there would be a rebate of \$4.50 a gallon where it was shown to the satisfaction of the commissioners of internal revenue that the spirits were used for manufacture of medicines.
Excise tax proposed for the repeal under another amendment including the rate of sporting goods, chewing gum, electric fans, thermos bottles, smoking and hunting equipment, movie films, toilet soaps and powders, photographic operative and accessories, furs and perfumeries and cosmetics. The tax on the work of art would be reduced from 10 to 5 per cent, the tax on candy 3 per cent flat, and the additional taxes proposed on hotel rooms and all furniture of hard wood eliminated.

HORRORS, WILL THEY PUT TAX ON WEIGHT?

(By the Associated Press)
BERLIN, Oct. 11.—The government's search for new sources of revenue to meet increasing expenditures has brought a group of humorists to the rescue, one branch of which, submitting a statute already prepared, suggests a tax on fat folks whose waist-line circumference exceeds the chest measurement.
Another suggests attention be paid to the double chins and "whiskey noses."
The proponents of the fat tax include the following provisions in the statute they have submitted:
Males between the ages of 15 and 30 whose waist exceeds the chest circumference shall pay, 1,000 marks yearly for each excess centimeter, between 30 and 40 years, 500 marks.
Some men are born rich, some have riches thrust upon them and some use News want ads.

Why The First Aid To Good Health Is Pure Blood

Waste Products in the Blood Cause Many Forms of Rheumatism, Skin Disorders, and A Lowered Vitality.
Many People Do Not Understand Nature's Warning.
When you have that feeling of fatigue; when you lack the energy you need for the day's duties and pleasure; when you are troubled with pimples, blackheads, bad boils, sores or some other skin eruption; or when you have rheumatic pains in the muscles and joints, don't wait until you collapse in a state of nervous prostration, or until in your weakened condition you contract some serious disease, but start at once to get the waste products out of your blood.
Nature has certain peculiar ways to warn us. Fortunate, indeed, is the person who knows her danger signals. Thousands and thousands of men and women during the past 50 years have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.
The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.
S. S. S. may be had at any drug store. Write Chief Medical Director, Swift Specific Co., 715 S. S. S. Laboratory, Atlanta, Ga., and let him help you regain your health and strength. Give him a full description of your case. He is helping people every day (without charge). Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold at all drug stores.

INVENTOR OF MACHINE GUN NOW IS QUESTION

(By the Associated Press)
PARIS.—A controversy as to who first invented machine guns is one of the war's aftermaths in France. Lyons put forth the claim of a Mr. du Perron who, in 1775, is said to have submitted to the young King Louis XVI a military "orgue" which worked on a crank system and could fire 24 bullets "almost simultaneously, and consequently could annihilate a whole regiment in a few minutes," according to a contemporary record.
The new weapon appeared to be so murderous that the King and his ministers rejected it and its inventor was held up as an enemy of humanity.
The powers hostile to France tried to secure the invention, but du Perron refused for patriotic motives and he died in poverty.

U. S. ARMAMENT DELEGATES TO MEET WEDNESDAY

(By the Associated Press) WASHINGTON, Oct. 11.—Secretary Hughes today issued calls for the first meeting of the American representatives to the armaments limitation conference tomorrow at 10 o'clock at the state department.

HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of that Period by Taking Mrs. Block's Advice

Hopkins, Minn.—“During Change of Life I had hot flashes and suffered for two years. I saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and got good results from taking it. I recommend your medicine to my friends and you may publish this fact as a testimonial.”—Mrs. ROBERT BLOCK, Box 542, Hopkins, Minn.

It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, sinking spells, spots before the eyes, dizzy spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman, and held in strict confidence.

IMPORTS FOR SEPTEMBER INDICATE BAD SLUMP

(By the Associated Press) WASHINGTON, Oct. 11.—Values of imports and exports of merchandise each fell off materially in September, according to reports made public today by the department of Commerce. Imports for September were \$180,000,000, the lowest for any month this year.

CLERK GAVE TAGS TO AUTO CROOKS?

Alleged Car Robber Says Employee in State Office Is Aiding Ring.

OKLAHOMA CITY, Oct. 10.—Charges that a clerk in the state highway department had been supplying license tags for stolen cars were made today in a sworn statement by Roy Bianchi, held on a motor car theft charge, according to an announcement by the police. Bianchi is a son of Dave Bianchi, plumber.

According to the alleged statement, the clerk, whose name was withheld, provided 1921 license tags to replace those which were on the stolen cars, the original being destroyed.

When information of the police was announced, B. F. Clark, state highway commissioner, said it would be impossible for a highway department clerk to furnish tags to any one.

“One of our clerks has been on the list of second hand dealers and it is probable as a result of the efforts to keep in touch with them that the charge was made,” Mr. Clark declared.

He added that an investigation on the specified tax numbers obtained would be made, however.

Lawton.—The First Field Artillery at Fort Sill has started recruiting in accordance with orders from the war department. The first eighty men enlisted are to be assigned to Battery F, unless they express other preferences.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HAARLEM OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitation.

TROUBLED A GREAT DEAL FOR YEARS

“I was troubled a great deal for several years with an eruption resembling erysipelas,” said Mr. Richard Dickson, residing at 157 Forest street, Spartanburg, S. C. “My druggist sold me many kinds of blood medicines and compounds recommended for skin troubles,” he continued, “from which I received no permanent relief until I got started on Mendenhall's Number 40. I took several bottles and was soon entirely relieved of the very disagreeable skin trouble. I have not quit taking ‘Number 40,’ however, as I have found it to be the best liver medicine on the market and keep it on hand all the time and recommend it to my friends as a substitute for calomel.”

“Number 40” is recommended for blood troubles from any cause; chronic constipation, rheumatism, indigestion, stomach and liver troubles, eczema, skin troubles, etc. Acts on the liver by removing waste matter from the system thus cleansing the blood of all impurities and doing away with the need of cathartic pills and tablets.

Failure To Enforce Law Caused Ku Klux To Come, Says Pastor

(By the Associated Press) PONCA CITY, Oct. 10.—“The failure of the agents of the law enforcement department in improperly meeting out justice where it is needed here is one of the chief causes for such an organization as the Ku Klux Klan to come into being.” Rev. E. C. Whitaker, Christian church pastor, said last night in the first of a series of sermons on the Klan.

Mr. Whitaker made it clear that he was absolutely in favor of law abiding citizenship and in the court deciding the guilt and proper punishment of those accused of crimes.

PROBE OF KU KLUX IS DEMANDED NOW

(Continued from Page 1.)
however, the Wizard and the committee were not included in one group.
William J. Burns, chief of the department of justice's bureau of investigation, whose evidence bearing on the activities of the Klan was

presented yesterday by Attorney General Daugherty, also was on hand, waiting to testify.
Catholics Lead Fight
Mr. Tague charged that the Klan had definitely taken money from public for the purpose of destroying the law.
"Thirty million Catholics stand up and oppose the Klan and demand an inquiry by congress," he said.
Representative Pou of North Carolina interrupted to say that if the Klan was guilty of the crimes charged, there was no obstacle to prosecution by the court.
Representative Dyer, republican,

Missouri author of another resolution for investigation, said congress concern itself only with what the K. K. K. did on the outside, not with its sacred deliberations.
Oklahoma Cited
Letters from members of the Klan in Oklahoma, and other states, showed, Mr. Dyer said, that the order has set its self up as a censor of public morality. Other letters from persons who say they have been threatened and ill treated by the Klan were presented to the committee but the names were not disclosed.

ADA AND KONAWA BATTLE TO DRAW

(Continued from Page 1)
was out at second on a fielder's choice. Williams out at second on fielder's choice. Young safe to first. R. Wano walked. Medler was out. Walkup to B. Wano.

Fourth Inning.
Konawa—B. Wano walked. Harper was out. Fain to Rutledge. B. Wano advanced to second. Mealy at bat, but B. Wano scored on stealing third and home on Cover's error. Mealy flew out to Medler.
Ada—Strain popped out to B. Wano. Rutledge struck out. Stagner flew out to Miller.

Fifth Inning.
Konawa—Miller struck out. Basinger got to first on R. Wano's error. P. Wano flew out to Young. Basinger was put out at second.
Ada—Cover was out. Harper to B. Wano. Fain struck out. Williams struck out.

Sixth Inning.
Konawa—Terry got his second hit to first. Burch sacrificed Terry advancing to second. B. Wano hit. Terry scored. B. Wano out at third. Harper hit. Mealy flew out to Strain.

Ada—Young hit. R. Wano sacrificed. Young advanced to second. Medler struck out. Young went to third on one passed ball. Young stole home. Strain went to first on an infield hit and was put out at second by Harper.

Seventh Inning.
Konawa—Walkup was out. Williams to Rutledge. Miller was out. Fain to Rutledge. Basinger was out. R. Wano to Rutledge.

GRADY COMMISSIONER HAS CONVICTS LABOR

Dave C. Hybarger, formerly a citizen of this county and now a commissioner of Grady county, is in the city from Chickasha, attending court. Dave was overwhelmingly elected commissioner last fall, and has been giving his attention to working roads since he went into office.

Among other things the commissioners are doing in Grady county is working all prisoners on the roads. All those sentenced to jail are worked on the roads instead of letting them remain in jail. Instead of sentencing some of the men to the state penitentiary, the judges sentence them to work on the roads.

Mr. Hybarger says this results not only in getting more roads, but in keeping dozens of petty thieves and crooks out of Grady county. These fellows do not seem to want to do actual work, he declares.

Gale Harper, 23, Bebee; Miss Bertha Trapp, 16, Ada.
Drew Thomas, 19, Ada; Miss Era Trapp, 16, Ada.

UPTON NOMINATED FOR FEDERAL TRADE BOARD

(By the Associated Press.)
WASHINGTON, Oct. 11.—George W. Upton, Warren, Ohio, business man, was nominated by President Harding today to be a member of

the federal trade commission. Mr. Upton, who succeeds John G. Pollard, democrat, is the husband of Harriet Taylor Upton, vice-chairman of the republican national committee.
